CUTS DATA ENTRY TIME BY 50%+

Regardless what accounting system you use — you can use Warthog's *Any Conceivable Transaction Box* (ACTB) to cut your categorizing entry time. The data entry clerk has one unified screen to deal with. Categorizing can be done and export for use in another system or sent to your accountant.

ONE PAGE REPORT!

Provides a One Page, instantaneous executive report with a simple Drill Down that provides details for analysis.

ONE PAGE TO DEAL WITH!

Entries can be made in the ACTB or directly in the report! No chasing from page to page or screen to screen.
